## CYBER SECURITY

ESET® Cyber Security delivers fast, powerful protection to your Mac, helping you enjoy safer technology. On the Internet, your personal data is secured against theft by Anti-Phishing. The solution is designed to look after your security, while not getting in your way – ESET Cyber Security's low system footprint takes care of that.

### Be Safer on the Internet

Protect your Mac against malware, as well as Windows- and Linux-targeted threats. Stay clear of all types of malicious code, including viruses, worms, and spyware.

---

<b>Antivirus and Antispyware</b>	Eliminates all types of threats, including viruses, worms and spyware ESET LiveGrid® technology: whitelisting of safe files based on file reputation database in the cloud
<b>Anti-Phishing</b>	Protects you from attempts to acquire sensitive information such as usernames, passwords or banking and credit card details by fake websites masquerading as trustworthy ones
<b>Removable Media Control</b>	Lets you disable access to removable media (CD-ROM, FireWire, USB, iOS devices & other) Allows to prevent unauthorized copying of your private data to external device
<b>Auto-scan of Removable Media</b>	Scans devices and media for malware immediately upon insertion Scanning options include Scan / No Action / Setup / Remember this action
<b>Web and Email Scanning</b>	Scans websites (HTTP) while you browse and checks all incoming emails (POP3 / IMAP) for viruses and other threats
<b>Cross-platform Protection</b>	Stops malware spreading from Mac to Windows endpoints and vice versa Prevents your Mac from turning into an attack platform for Windows-or Linux-targeted threats

## Enjoy the Full Power of Your Mac

Protection that leaves more power for programs you use daily. Work, play and browse the Internet without slowdowns. Take advantage of a range of security features to stay online and unplugged longer and enjoy multimedia without pop-ups.

<b>Small System Footprint</b>	ESET Cyber Security maintains high computer performance and extends the lifetime of hardware
<b>Presentation Mode</b>	No disruptive pop-ups during presentations, videos or other full-screen applications Pop-ups are blocked and scheduled security tasks postponed - to maximize performance and network speed
<b>Fast Updates</b>	ESET security updates are small and automatic, without slowing down your internet connection

## Install and Forget or Tweak Away

Enjoy the familiar streamlined interface and get powerful protection with default settings. Find the settings you need and easily set up and run computer scans. You get uninterrupted protection as the program runs in the background, and only asks for your attention when necessary.

<b>Settings for Advanced Users</b>	Offers in-depth security settings to fit your needs - for example you can set up set up scanning time and size of scanned archives
<b>One-click Solution</b>	Protection status and all frequently used actions and tools are accessible from all screens In case of any security alerts, quickly find the solution in one click
<b>Familiar Design</b>	The solution has a crisp design and familiar layout as you are used to in Mac Tools pane view is highly intuitive and transparent, allowing for quick navigation The whole graphic interface was specially designed for macOS
